EXECUTIVE SUMMARY

PUPIL Consulting Services has been providing exceptional service and expertise to deliver effective human capital solutions for its clients in India.

Our people have knowledge and experience of ideas and insights all the way through to detailed implementation with innovative and unique combination of understanding client requirements and finding the right solution for the same.

Defining a New Age in Consulting Industry - In today's economy, the challenge to reduce costs while growing top line by improving business processes and operations has never been greater. With our ability to maximize operational efficiencies, unlock growth potential, and empower transformative change, PUPIL Consulting Services partners with clients to reduce overall operating issues including performance management and invest in business growth. Our team has a unique blend of industry and consulting experience, which provides pragmatic solutions to complex issues while leveraging industry best practices.

SCOPE OF TRAINING

The training requirements of the college would vary in terms of the profile of the students, the year of graduation, types of companies visiting the campus, student aspiration levels etc. PUPIL's training program makes the students aware of themselves, their vision and their personal goals articulating them effectively. Our campus interview module for students not only prepares them for those grueling GD and interview sessions, but also helps significantly improve their overall personality.

SCOPE OF WORK

In today's 21st century the expectations and values of those who apply have changed dramatically. People don't read the newspaper classifieds anymore. Young applicants are more demanding in their expectations about balance of work and leisure.

Each new employee performs each job to get a first-hand experience of the knowledge, skills, and abilities required. Techniques used will be observation, questionnaires, interviews, focus groups, and will familiarize themselves with online available tools.

A training/workshop program can reduce turnover and save an organization thousands of rupees. One reason people change jobs is because they never feel welcome or part of the organization they join. The most important principle to convey during such program/workshops is your commitment to continuous improvement and continual learning. That way, new employees become comfortable with asking questions to obtain the information they need to learn, problem solve and make decisions.

SUMMARY OF TRAINEES FEEDBACK

Per trainee's feedback, they confirmed that SJMIT has taken very good initiative to provide this kind of Soft Skills Training for the Final Year Engineering Students. They were very lucky to get this opportunity to get this kind of training so they were very grateful to SJMIT always. They also requested SJMIT to organize more training.

DAY WISE TRAINING REPORT

Session	Duration	Topic Covered	Outcome
One	3 Hours	Introduction to Soft Skills	A thorough session was conducted to introduce soft skills to the students and its importance.
Two	3 Hours	Corporate Ethics and Role of Soft Skills	In this session, the students were introduced to Corporate culture and the ethics to be followed in corporate and the role that of Soft Skills applicable in combination to the corporate culture.
