REPORT

We have conducted Python Programming Course for girl students of Electrical & Electronics Engineering Department. The program has been scheduled from 19th May to 27th May 2022 (from 2:30 pm to 5:00pm).

The Organizing Committee consisted of following members:

1) Dr.Bharath P B, Principal, SJMIT, Chitradurga.
2) Prof. Sushmitha Deb, Women's Cell Co-ordinator, SJMIT, Chitradurga.
3) Prof. Shruthi.M.K, Women's Cell Coordinator, SJMIT, Chitradurga.
4) Dr.Aravind T V, Training & Placement Cell, SJMIT, Chitradurga.

The Chief guests of the Python Programming event are as follows:

1. Kiran L , MGN FELLOW , District Skill Development Office, Chitradurga.
2. Sanju G M, District Counselor, District Skill Development Office ,Chitradurga.

In today's competitive world, Python programming plays major role in getting jobs for IT Industries. With reference to this Karnataka Skill Development Corporation (KSDC) in collaboration with Naandi Foundation organized fifteen days free Python Programming course for girl students of E& E Department.

The workshop has been conducted successfully and a certificate along with free Python Programming Software License has been provided to the participants.

The valedictory function has been carried out on 30th May 2022 in which chief guests spoke about how to use python programming skills for cracking the interviews to get placed in several industries.

FEEDBACK OF E&E STUDENTS

I, **Sushmita S**, 8th semester student of Electrical & Electronics Engineering , feeling proud to give feedback about the Python Programming workshop. I take this opportunity to whole heartedly express my gratitude towards our management, college and departments which provided us Python Programming for free of cost & also provided Python Programming Software License. This workshop made us to do Python programs easily.

I, **Mandara B**, 6th semester student of Electrical & Electronics Engineering , feeling glad to give feedback about the Python Programming workshop. The workshop is very informative, live and fruitful. They taught us about python programming fundamentals and took up to the level of designing & developing projects that cater the requirements of the industry. The workshop also included online tests which helped us to know more information about Python Programming.

I, **Bindu T S**, 8th semester student of Electrical & Electronics Engineering feeling happy to give feedback about the Python Programming workshop. I take this opportunity to whole heartedly express my gratitude towards Mr. Kiran L sir & Mr. Sanju G M sir, who spent their valuable time for teaching us Python Programming. We got confidence now to do programs in Python Programming which is current trend in today's world. This workshop is more informative and also helped us to crack the interviews in an easy way.

I, **Vannela D N**,6th semester student of Electrical & Electronics Engineering, feeling glad to give feedback about the Python Programming workshop. The workshop is very informative. I express my sincere gratitude to our Principal sir and our HOD sir for giving us such beautiful platform to learn a new course which is very helpful for job purpose. I am very happy for getting Python Programming free software license which we can make use in near future.
