Date: 20th October 2023

Topic: Technical Talk on “Innovation, Entrepreneurship and Placement: Crafting Your Path to Success”

Theme: Empowering students to proactively shape their professional journey

Objectives of the Event:

1. Inspire and motivate engineering students by showcasing success stories and experiences
2. Educate students on the importance of setting clear and achievable career goals
3. Provide insights into the key technical and soft skills required for success in the engineering field
4. Encourage students to stay informed about industry advancements and position themselves as contributors to innovation.

Speaker: Mr. Malleesh V, Technical Team Manager and Trainer, Abeyaantrix soft lab, Bangalore

Brief Report of the Event:

Introduction:

A Technical Talk session on “Innovation, Entrepreneurship and Placement: Crafting Your Path to Success” was organized by the Innovation cell in association with Institution’s Innovation Council (IIC), E&C Department and IQAC, with the primary aim of providing valuable insights and guidance to students on navigating their professional journey in the field of engineering. The event attracted a diverse audience of engineering students and Faculties.

Highlights of the Session:

On 20th October 2023, the session commenced with a warm welcome by the by Prof. Usmman Ali, Faculty member, IIC, followed by an inaugural address by the Innovation cell Coordinator Dr. Siddesh K B. The importance of fostering innovation and entrepreneurship in the engineering field was emphasized. The event lasted from 11:00 a.m. to 1 p.m., where students and faculty actively participated.

Later, Renowned expert in the field of engineering, Mr. Malleesh V.S were invited to share their experiences and knowledge. The speaker delved into various aspects of career development, emphasizing the importance of proactive planning and continuous learning.

He emphasized the significance of setting clear goals and developing a structured plan to achieve them. Practical strategies and tools for effective goal-setting were discussed, catering specifically to the engineering domain.

The importance of acquiring and honing relevant skills in today's dynamic engineering landscape was a focal point. The speaker provided insights into emerging trends and technologies, urging students to stay abreast of industry developments.

The session highlighted the role of networking and collaboration in career growth. Students were encouraged to build meaningful connections within the engineering community, fostering a supportive and collaborative professional environment.

The speaker addressed the need for adaptability in the face of challenges, citing real-world examples from their own career. Emphasis was placed on resilience as a key factor in overcoming obstacles and setbacks.

The presentation ended with a questions and answers session with the attendees to engage directly with the speaker, seeking personalized advice and clarification on various topics. This interactive segment added a practical dimension to the event. Finally Prof.Usman Ali A R, Faculty member, IIC, concluded the program by delivering a vote of thanks. About 35 students and faculty have successfully attended the event.

Conclusion:

The expert talk on "Crafting Your Path to Success" provided engineering students with valuable insights, practical advice, and inspiration for their professional journey. The event, organized by the Institution Innovation Council, successfully empowered students to approach their careers with a strategic mindset, fostering a culture of innovation and continuous improvement.

The organizers extend their gratitude to all the speakers and participants for making this event a meaningful and enlightening experience.

Photographs of the Event:

Key Outcome:

1. Increased Motivation and Inspiration
2. Enhanced Strategic Career Planning
3. Improved Skill Development Awareness
4. Increased Awareness of Emerging Trends
5. Positive Institutional Impact

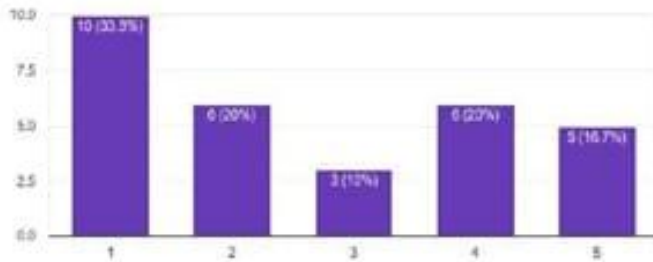

These outcomes collectively contribute to the holistic development and preparation of engineering students for a successful and fulfilling professional journey, aligning with the goals of the Institution Innovation Council in fostering innovation and excellence.
