2. To brief students to understand the problems, solution and innovative ideas.

3. To provide knowledge about the innovative ideas to implement in projects.

Speaker: Mr.Mallesh V S, Technical Team Manager & Trainer Abeyaantrix SoftLab OPC Pvt Ltd-Bangalore.

Speaker Profile:

- He is a dedicated Technical Team Manager and Trainer at Abeyaantrix SoftLab, bringing over 13 years of expertise to the field. His educational background includes a Bachelor's degree in Electronic and Communication, a Master's in Digital Communication, and another Master's in Data Science and Machine Learning.
- Throughout his career, he's held various key roles, from Corporate Trainer and Team
 Lead to Software Engineer, at a range of esteemed organizations. He has been privileged
 to deliver training sessions to numerous renowned corporations, such as Robert Bosch,
 Actalent, UTC Aerospace, and Siemens.
- One of the highlights of his career has been providing training to more than 500 senior scientists from prestigious Defense and Government organizations, including ISRO, BEL, and various DRDO labs across India. These training programs have covered a wide array of topics, from Matlab and Simulink to DSP, AI, and other cutting-edge technologies.
- In addition, he's had the opportunity to travel extensively across India, visiting over 200
 engineering colleges and universities. During these visits, he's had the honor of training
 both faculties and students in diverse domains. Some of the notable institutions he's
 collaborated with include VIT, Amrita University, IIT Gandhinagar, Chitkara University,
 and NIT Warangal, among others.
- His expertise spans across a wide spectrum of technologies and tools, including AI, Data Science, Machine Learning, Embedded Systems, Digital Signal Processing, Image Processing, and Data Analytics. His practical experience extends to working with various hardware platforms, such as Digital Signal Processors, ARM Microcontrollers, AVR, ATMEGA, MSP430, and more.
- He is passionate about technology, education, and empowering the next generation of
 engineers and innovators. He looks forward to sharing his knowledge and experiences to
 inspire and educate others in these ever-evolving fields.
