Training for Competitive Exams and Career Counseling Report

The career counseling programs aim at providing assistance to the students in choosing a major career path. The students are able to clearly understand the career exploration process and how their own skills and interest match up to a chosen career path. The SJM Institute of Technology have provided the training for competitive exams and career counseling program from 15th May 2023 to 17th May 2023.

The sessions were aimed to guide students about career options and time management. The resource person for the session was the renowned trainer, Dr. Naveen Kumar urged the students to focus on hard work, innovation, collaboration and smart work. he hoped that this seminar will assist students in overcoming common challenges like addiction of mobile phones and social media, improper schedule, controlling emotional pressure, etc, which hold them back from realizing their true potentials and requirements.

The training programs for competitive examination aims at motivating the students to participate in various competitive examination (GATE, GRE etc.) as well as preparing the students to face the challenges of the competitive examinations. It also helps creating awareness about different types of competitive examinations available for the students. This type of training examination lays a solid foundation for preparation of such examination. The students develop insightful understanding of this examination and can prepare themselves into a potential career avenue.

Technical Seminar on

“Career Guidance Program”

In Association with IQAC & ISTE

Resource Person

Mr. YOGESH GUJJAR CJ

Senior RF Hardware Engineer

LSI Reasearch India Ltd, BroadCom , Bangalore

Venue : ECE SEMINAR HALL

Date : 28th June 2023 @11.00AM

Coordinator

Dr Pavankumar D

Head of Dept

Dr .K .B Siddesh

IQAC Coordinator

Dr. Jagannatha N

Principal

Dr. Bharath P B

Program Flow

- Welcome speech
- Inauguration
- Guest introduction
- Speech by principal
- Speech by HOD
- Vote of thanks

Guest Introduction:

Name : **YOGESH GUJJAR CJ**

Qualifications: M.Tech

Designation: Senior RF Hardware Engineer

Place: Bangalore

Company name: LSI Reasearch India Ltd, BroadCom , Bangalore

PRINCIPAL
S.J.M.I.T, CHITRADURGA

About Company Broadcom Corporation

Broadcom Corporation was an American semiconductor company that made products for the wireless and broadband communication industry Products
Broadcom wireless badge as seen on an HP laptop in 2007

Broadcom's product line spans computer and telecommunication networking products. Examples of such are products for enterprise/metropolitan high-speed networks, as well as products for small office/home office (SOHO) networks. Additionally, the company produces transceiver and processor ICs for Ethernet and wireless LANs, cable modems, digital subscriber lines, servers, home networking devices (router, switches, port-concentrators) and cellular phones (GSM/GPRS/EDGE/W-CDMA/LTE). It is also known for its series of high-speed encryption co-processors, which serve to offload processor-intensive tasks to a dedicated chip.

About the Program

Career guidance programs help students acquire the knowledge, skills, and experience necessary to identify options, explore alternatives and succeed in society and industry. These kind of programs better prepare Students for the changing workplace.

Key Points Discussed in the Program

- broadening knowledge, skills, and abilities
- improving decision making skills
- increasing self-esteem and motivation
- building interpersonal effectiveness
- maximizing career opportunities
- improving employment marketability and opportunities
- promoting effective job placement
- strengthening employer relations
