

SJM Institute of Technology, Chitradurga

Department of Electrical & Electronics Engineering

Feedback analysis summary of different stakeholders

I. Students Feedback

Key findings

- Regular maintenance of cleanliness in classrooms is required.
- Adequate Hygiene canteen services are required

II. Teachers Feedback

Key findings

- Upgrading of student amenities and infrastructure
- Requests for professional development opportunities to enhance teaching methods

III. Alumni Feedback

Key findings

- Add more campus drives.

HOD

Head of the Dept.
Electrical & Electronics Engg.
S.J.M.I.T., Chitradurga-577 502

Action Taken Report on Feedback

Action Taken Report on feedback received from the various stakeholders of the institution during the academic year 2022-23.

Stake holders of the Institution:

1. Students
2. Teachers
3. Employers
4. Alumni

We highly value the feedback provided by all the stakeholders as it plays a crucial role in improving the overall quality of education and campus experience. The purpose of this report is to outline the actions taken in response to the feedback received from the stakeholders during academic year 2022-23.

Coordinator

PRINCIPAL
S.J.M.I.T., CHITRADURGA

Action taken on Student Feedback:

Key Findings:

The feedback received from students covered various aspects, including but not limited to:

1. Concerns regarding Adequacy of classroom and furniture
2. Concerns regarding the maintenance of hostel facilities
3. Concerns regarding Drinking water, Canteen, Toilet, Bank ATM facilities in the campus

Actions Taken:

1. Concerns Regarding Adequacy of Classroom and Furniture:

- Conducted a thorough assessment of classroom capacities and furniture conditions
- Initiated immediate repairs and replacements for damaged furniture
- Reorganized classroom layouts to optimize space utilization

2. Concerns Regarding the Maintenance of Hostel Facilities:

- Hostel wardens address the general maintenance issues promptly
- Initiated repairs for plumbing, electrical, and structural issues
- Enhanced security measures and improved lighting in common areas

3. Concerns Regarding Drinking Water, Canteen, Toilet, Bank ATM Facilities in the Campus:

- Renovated and upgraded existing toilet facilities
- Improved canteen services based on student feedback
- Increased the number of water dispensers across campus
- Coordinated with local banks to address ATM maintenance and service issues

Conclusion:

We value the input provided by our students and are committed to ensuring a conducive and comfortable learning environment. The actions taken reflect our dedication to addressing concerns promptly and enhancing overall campus facilities

Action taken report on Teachers Feedback:

Key Findings:

1. Industrial visit needed for students
2. Promote and encourage research activities among faculty members to enhance academic excellence
3. Upgrading of student amenities and infrastructure

Actions Taken:

1. Industrial visit needed for students
 - All the departments heads are informed
 - To schedule regular industrial visits for students
 - To establish the partnerships with local industries for organizing industrial visits.
2. **Promote and encourage research activities among faculty members to enhance academic excellence**
 - Organized workshops, seminars and conferences to enhance faculty research skills and keep them updated on the latest trends in their respective fields.
 - Provide access to online databases, academic journals, and research tools to facilitate comprehensive literature reviews.
 - Encourage faculty to publish their research findings in high-impact journals.
 - Provided dedicated research support centers equipped with necessary resources.
 - Encourage faculty to attend national and international conferences.
3. **Upgrading of Student Amenities and Infrastructure**
 - Upgrading technology in classrooms, providing better internet connectivity, and integrating digital resources for students
 - Implementing safety features and measures to ensure the well-being of students. Initiated renovation and upgrade projects for common areas, recreational facilities, and study spaces
 - Enhanced campus security measures and lighting for student safety

Ongoing Initiatives:

- Continuously monitoring and evaluating the effectiveness of upgraded amenities and infrastructure by the Civil engineering department.

Conclusion:

We value the feedback provided by our faculty members and are committed to addressing their concerns and promoting academic excellence. The actions taken and ongoing initiatives reflect our dedication to enhancing the teaching and learning environment for both students and faculty.

Action Taken Report on Employer Feedback

Key Findings:

- 1. Level of Industrial Training to be improved**
- 2. Better to Organize In-House Training and Workshops for the Betterment of Students**

Actions Taken:

1. Level of Industrial Training to be improved

- Increasing MOU's with industries to identify key skills and competencies required by employers
- Ensuring that the training program reflects the current needs and expectations of the industry.
- Emphasize hands-on training and practical application of theoretical concepts
- Focusing on soft skills development, such as communication, teamwork, and problem-solving.

2. Better to Organize In-House Training and Workshops for the Betterment of Students

- Instituted an in-house training and workshop calendar covering various disciplines
- Organized regular workshops led by industry experts and professionals

Ongoing Initiatives:

- Encouraging student participation in hackathons, competitions, and industry-related events

Conclusion:

We highly value the feedback provided by employers, and their input is instrumental in preparing our students for successful careers. The actions taken and ongoing initiatives reflect our commitment to providing industry-relevant training and enhancing the overall employability of our students.

Action Taken Report on Alumni Feedback

Key Findings:

1. Add more application level interaction sessions and more campus drives

Actions Taken:

1. Add more application level interaction sessions and more campus drives

- Conducted workshops, seminars, and webinars focused on practical applications of academic concepts.
- Increasing Collaborations with industries to organize additional application-level interaction sessions
- Inviting alumni for guest lectures and mentorship programs
- Increased the frequency of campus drives by inviting a diverse range of companies.

Ongoing Initiatives:

- Expanding the network of recruiters for campus placements

Conclusion:

We appreciate the feedback provided by our alumni, and their insights are crucial in shaping the future of our institution. The actions taken and ongoing initiatives reflect our commitment to providing relevant, industry-focused education and fostering meaningful interactions between students and professionals.

Action Taken on Students Feedback

The institution has taken significant steps to address the feedback provided by students. Continuous feedback collection and responsive actions will ensure the on-going improvement of the institution's services and facilities.

1. Variety of food options in canteen

- Informed to the management of canteen to diversify the menu and ensure that the canteen offers healthy and balanced meal options to cater to students' nutritional needs.

2. Satisfaction with Curriculum relevance to industry needs

- Affiliating university continued to review and update the curriculum regularly to maintain its alignment with industry standards and technological advancements.

3. Positive Feedback on Faculty expertise and engagement

- Encouraged faculty to participate in professional development opportunities, including workshops, conferences, and seminars.

4. Positive Feedback on library resources

- Continued to expand and update digital databases and library collections to provide students with access to the latest research and resources.
- Maintained and improved study spaces, ensuring they are comfortable and conducive to learning.
- Extended library hours during exam periods to accommodate students' study schedules.

5. Faculty Expertise and effective teaching methods

- Continued to support and encourage faculty professional development to enhance their teaching methodologies and subject matter expertise.
- Encouraged faculty to incorporate diverse teaching methods, including interactive and experiential learning techniques, to cater to different learning styles.

Coordinator
Internal Quality Assurance Cell (IQAC)
SJMIT Chitradurga

Action Taken on Teachers Feedback

The institution has taken several steps to address the feedback provided by teachers, aiming to enhance the academic environment and support for faculty.

1. Well-Maintained classrooms with suitable seating arrangements and adequate lighting

- Conducted regular maintenance checks to ensure classrooms are kept in excellent condition.

2. Access to a well-equipped library with extensive research materials

- Expanded the library's collection of research materials, including journals, books, and digital databases, to support diverse academic needs.
- Enhanced the library's digital infrastructure to provide easier access to online resources and research databases.

3. Supportive Environment for professional growth

- Increased the number of professional development workshops and seminars offered, covering a wide range of topics relevant to teaching and research.
- Provided funding and support for faculty to attend national and international conferences, enhancing their professional growth and networking opportunities.

4. State-of-the-Art laboratories and research centres

- Invested in upgrading laboratory equipment and research facilities to ensure they meet the latest standards and technological advancements.

5. Requests for more dedicated time for attending conferences and conducting research

- Adjusted the academic calendar and teaching schedules to allocate more dedicated time for faculty to engage in research and attend conferences.
- Reduced administrative and teaching loads where possible to provide faculty with more time to focus on their research and professional development activities.

Action Taken on Alumni Feedback

The institution has taken significant steps to address the feedback provided by alumni, aiming to enhance the educational experience and ensure career readiness for students

1. Alumni Feel well-prepared for their Careers

- Affiliating university continued to integrate practical skill-building activities into the curriculum, including hands-on projects, case studies, and real-world problem-solving exercises.

2. Appreciation for solid grounding in fundamental concepts and theories

- Affiliating university maintained a strong emphasis on foundational theories and concepts within the curriculum to ensure students have a deep understanding of their fields.
- Encouraged the use of diverse teaching methodologies to help students grasp complex theoretical concepts effectively.

3. Recognition of knowledgeable and supportive Faculty

- Facilitated opportunities for faculty to engage in professional development activities, such as attending conferences and participating in research collaborations.
- Promoted a culture of mentorship by encouraging faculty to actively engage with students beyond the classroom, offering guidance and support for academic and career aspirations.

4. Value of Curriculum relevance to real-world applications and industry standards

- Affiliating university regularly reviewed and updated the curriculum to ensure it aligns with current industry standards and technological advancements.

5. Positive Feedback on practical experiences

- Enhanced lab facilities and resources to provide students with state-of-the-art equipment and technology for their practical work.

Action Taken on Students' Feedback

The institution has taken several steps to address the feedback provided by students.

1. High-Quality Course Materials and Resources

- Continued to ensure that course materials are regularly updated and aligned with current academic and industry standards.

2. Academic Support Systems such as office hours and tutoring, are beneficial for student learning

- Increased the availability and accessibility of office hours by encouraging faculty to offer more flexible scheduling.

3. Mentorship programs are considered responsive and beneficial for student learning.

- Increased the frequency of mentorship meetings and encouraged more interaction between mentors and mentees.
- Gathered regular feedback from both mentors and mentees to continuously improve the program.

4. Cleanliness in Washrooms

- Increased the frequency of cleaning schedules for washrooms to ensure they are maintained to a high standard.

5. Healthier and More Diverse Menu Options in Canteens

- Worked with canteen vendors to introduce a wider variety of healthy and diverse food options.

6. Eco-Friendly Practices

- Launched a campus-wide recycling program with clearly marked bins for different types of waste.

7. Wi-Fi Reliability and Internet Speed

- Planned to upgrade the Wi-Fi infrastructure to ensure higher speed and better reliability, especially during peak times.

Coordinator
Internal Quality Assurance Cell (IQAC)
SJMIT Chitradurga

Action Taken on Teachers' Feedback

1. Support for Professional Development

- Provided support for faculty to attend national and international conferences, fostering their professional growth and development.

2. Encouraging Strategies to Increase Student Participation in an Interactive Learning

Environment

- Encouraged active learning techniques, such as group discussions, case studies, and peer teaching, across various courses.

3. Administrative Support for Research and Scholarly Initiatives

- Established Research centre to assist faculty with grant applications, research proposals, and project management.

4. Ideas for Promoting Wellness Programs and Stress Management Resources for Faculty

- Created a faculty welfare committee to continuously assess and address the well-being needs of the faculty.

5. Appreciated maintaining of High Academic Standards

- Affiliating university is continued to uphold rigorous academic standards through regular curriculum reviews and updates.

Coordinator
Internal Quality Assurance Cell (IQAC)
SJMIT Chitradurga

Action Taken on Alumni Feedback

The institution has taken significant steps to respond to the feedback provided by alumni as mentioned below.

1. Adding More Campus Drives for Civil Engineering Students

- Directed the HOD to depute a faculty as department placement officer to work with institution T&P officer.

2. Valuing the Sense of Community and Networking Opportunities

- Strengthened the alumni network by deputing a faculty member as coordinator from each department.

3. Value the strong Theoretical Foundation received during their time at the college.

- Affiliating university is continued to emphasize a robust theoretical foundation in the curriculum while integrating practical applications and case studies.
- Encouraged faculty to blend theoretical concepts with real-world examples and current industry practices in their teaching.

4. Enhancing Practical Exposure and Integrating More Industry Projects

- Increased partnerships with industries to offer more real-world projects, internships, and collaborative research opportunities for students.

5. Increasing Alumni Engagement Opportunities and Updating Alumni Database

- Updated the alumni database to ensure accurate and up-to-date contact information, facilitating better communication and engagement.

6. Fond Memories of Campus Life and the Supportive Community

- Promoted a vibrant campus culture by organizing events, activities, and traditions that foster a strong sense of community.
- Maintained and enhanced campus facilities to ensure a comfortable and enjoyable environment for current students.

Action Taken on Students' Feedback

The institution has taken significant steps to address the feedback provided by students as mentioned below.

1. Satisfaction with Online Resources and Supplementary Materials

Action Taken:

- Continued investment in and expansion of the online library, ensuring up-to-date and diverse resources.
- Regular updates and maintenance of the online platform to ensure seamless access.

2. Request for Workshops on Interview Skills, Resume Building and Networking Opportunities and for Comprehensive Career Preparation

Action Taken:

- Organized a Personality development Programs for all final year students including interview skills, Resume Building, conducted by experienced HR professionals and career coaches.
- Also including mock interviews, career counseling, and job placement support.

3. Highly value the availability of textbooks in library.

Action Taken:

- Acquiring new textbooks every year and ensuring multiple copies of high-demand books are available.
- Extended library hours during exam periods to provide students with greater access to resources.
- Implemented a system for students to request specific textbooks, ensuring their needs are met promptly.

By organizing workshops, expanding library services, and improving career preparation programs, the Institution aim to ensure that our students are well-equipped for their future careers.

Action Taken on Teachers' Feedback

1. Effective Administrative Support for Academic and Research Activities

Action Taken:

- Streamlined the administrative process to ensure quicker processing of academic and research-related requests.
- Research Dean will assist with the specific needs of academic and research activities, providing personalized support.

2. Suggestions for Improving IT Support Services and Upgrading Technology Infrastructure

Action Taken:

- Conducted a comprehensive audit of the existing IT infrastructure to identify areas in need of improvement.
- Invested in upgrading hardware and software to ensure that the technology infrastructure is up-to-date and capable of supporting advanced academic and research activities.

3. Promote Wellness Programs and Stress Management Resources for Faculty

Action Taken:

- Launched a series of wellness programs, including yoga and meditation sessions for stress management.
- Established a faculty welfare committee to continuously assess and address the well-being needs of the faculty.

4. Promote and Encourage Research Activities among Faculty Members

Action Taken:

- Providing funding for research projects, offering grants and incentives to faculty members who engage in research.
- Created a research support office to assist faculty with grant applications, research design, and publication processes.

5. Appreciation for a Well-Structured Curriculum that covers core concepts and prepares students adequately.

Action Taken:

- Encouraged faculty to participate in university curriculum development committees to incorporate their insights and experiences.

The institution has actively responded to the feedback provided by teachers, implementing measures to enhance administrative and IT support, promote faculty wellness, encourage research activities, and following university curriculum.

Action Taken on Alumni Feedback

The institution has taken significant steps to respond to the feedback provided by alumni as described below.

1. Recognition of the Institution's Commitment to Academic Excellence and Research Opportunities

Action Taken:

- Affiliating university is continued to prioritize academic excellence by regularly reviewing and updating the curriculum to align with the latest industry standards and academic advancements.

2. Value the Diverse Perspectives and Global Outlook fostered by their institution.

Action Taken:

- Encouraged a multicultural campus environment through various cultural events and inclusive policies.
- Alumni are working across the globe.

3. Appreciation for Well-Maintained Facilities

Action Taken:

- Maintained and upgraded facilities regularly.
- Invested in new technologies and equipment for labs and libraries

4. Alumni Feel Their Education Fostered Critical Thinking and Problem-Solving Skills

Action Taken:

- Provided faculty with professional development opportunities to adopt innovative teaching methodologies that enhance critical thinking and problem-solving skills.
