Sl.No	CONTENTS
1	Technical Talk on E-Survey CADD software
2	Details of the report a) Brief report b) Objectives
3	Photo Gallery a) Total Station b) E-Survey CADD
4	Conclusion

OBJECTIVES:

- To learn the basic concepts of surveying & total station work.
- To create longitudinal sections & cross sections using E – Survey CADD software.
- To prepare earth work calculations using E – Survey CADD software.
- To prepare contour maps with grid elevation using E – Survey CADD software.
- To design the horizontal & vertical curves.

BRIEF REPORT:

Department of Civil Engineering, SJMIT in association with IQAC, IIC, Chitradurga organized **“Five days training Program on E – Survey CADD Software and total station”**

On 26th June to 1st July 2024. Sri. Chandan H A **Technical Support Engineer at E - Surveying Softech (India) Pvt. Ltd.** delivered lecture regarding E – Survey CADD Software.

The on 26th event started at 10.00 AM with the warm welcoming the resource person Sri. Chandan H A. followed by inaugural address by Dr. P.B.Bharath Principal SJMIT Chitradurga. The speaker delivered his knowledge very effectively with practical examples insight of E - Survey CADD and their application in the field of civil engineering. The event lasted 10.00 AM to 01:00 PM. Students are actively participated in this event.

In the above program resource person Sri. Chandan H A, Dr. P.B.Bharath, Principal SJMIT Chitradurga, Dr.Srishaila.J.M Professor & HOD, Prof. Subramanya P G and Prof. Pruthvi Rani K M Coordinators for this event and all the faculty of Civil Engineering and student of pre final year are attended the program.

PHOTO GALLERY OF TOTAL STATION:

PHOTO GALLERY OF E-Survey CADD:

CONCLUSION:

The session on “E- Survey CADD software” was a resounding success. It offered valuable insights and practical guidance about the E- Survey Software for the engineering students and faculties. Attendees left the event inspired, informed, and equipped with the knowledge and resources needed to transform their innovative ideas into successful civil engineers. As a takeaway, participants are encouraged to apply the knowledge gained during the session.

The organizers extend their gratitude at all the speakers and participants for making this event a meaningful and enlightening experience.

S J M Institute of Technology remains committed to organizing more such events in the future and to providing continuous support.

DEPARTMENT OF CIVIL ENGINEERING

Schedule of training program on E-Survey CADD Software and Total station.

Date	Day	Time	Event
26/06/2024	Wednesday	10:00AM to 05:00PM	Training on total station
27/06/2024	Thursday	10:00AM to 05:00PM	Training on total station
28/06/2024	Friday	10:00AM to 10:10AM	Inauguration of the program.
		10:10AM to 10:20AM	Welcome speech.
		10:20AM to 10:35AM	Address by Principal.
		10:35AM to 10:45AM	Address by HOD.
		11:00AM	Session is handover to Resource person.
		11:00AM to 11:30AM	Introduction to E-Survey software.
		11:30AM to 11:45AM	Company profile.
		11:45AM to 01:00AM	Training on E-Survey program.
		02:30PM to 05:00PM	Training on E-Survey program.
29/06/2024	Saturday	10:00AM to 01:00PM	Training on E-Survey program.
		02:30PM to 05:00PM	Hands on session.
01/07/2024	Monday	10:00AM to 01:00PM	Training on E-Survey program.
		02:30PM to 05:00PM	Hands on session.

**Five days training program on E-Survey CADD
software and Total station
From June 26th to July 1st 2024****Quiz**

The quiz is conducted at the end of the program to assess student's understanding and knowledge gained from the training program. These questions cover various aspects of E-Survey CADD Software and total station, including techniques, benefits, and concepts.

Participant Information:

Student Name: Yudhuvanandan K
USN: USM22CV417
Branch: Civil Engineering
Date: 2/7/24
Max. Marks: 10

Instructions:

- Duration: 10 minutes, each question carries 1 mark
- Minimum 50% score is required to get completion certificate
- Please tick the correct answer

1) Unit of Capacity of Contours is

- a) Square Meter
- b) Meters
- c) Cubic Meter
- d) Unit Less

2) Select the INCORRECT Statement from following on Contours

- a) Contour map shows the topography of area
- b) Contour map used for Spatial Analysis, Urban Planning
- c) An Imaginary line with same RL (Reduced Level) or Elevation
- d) Irregular Contours indicate Even Surface

3) In Roads, Camber is provided for

- a) Nautical charts for navigation
- b) To prevent Capillary Rise
- c) To lower the water table by Draining off water
- d) To remove rain water from Road surface

4) Interpolation using Triangulation (TIN) Method for

- a) Generating the Interpolated values at Intersections (LS and CS Intersection Point)
- b) Due to less data or less levels
- c) Either 'a' or 'b'
- d) Neither 'a' nor 'b'

5) In Old Tank Project, Bund Design Level or Formation Level Should be

- a) Below the Existing Bund
- b) Above the Existing Bund
- c) Same as the Existing Bund
- d) None of the above

6) PMGSY Project was inaugurated in,

- a) 2000
- b) 2002
- c) 2014
- d) 2003

7) Which of the following doesn't describe the use of hydrographic surveying?

- a) Nautical charts for navigation
- b) Establishing mean sea level
- c) Laying an Alignment
- d) Making underground investigations

8) Select the CORRECT Statement from following on Waste Weir

- a) Reservoirs are not used Waste Weir
- b) To Remove the surplus water
- c) Both are Correct
- d) None of the above

9) When total station is sighted to the target, which of the operation acts first?

- a) Rotation of optical axis
- b) Rotation of vertical axis
- c) Rotation of horizontal axis
- d) Rotation of line of collimation

10) In total station, data is stored in _____

- a) Pen drive
- b) Data card
- c) Microprocessor
- d) External hardware

Thank you for completing Quiz. Your responses will help us gauge your understanding and make any necessary adjustments to the training program.

SUB: Proposal for Five days Hands on workshop.

Respected Sir,

With reference to above subject, I requesting you to give permission to organize Two days hands on workshop on "SENSOR BASED EMBEDDED SYSTEMS USING ATMEG328 MICROCONTROLLER". I wish to organize workshop in regards to the interface of sensors with microcontrollers in Electronics domain, and it will be useful to do mini projects in next semesters and also it is very basic requirement for attaining PO5 in the Department Kindly, I request you to give us permission.

Thanking You Sir

Yours truly
(Dr. Siddesh K B)

Proposal for the Five days Hands on workshop

“SENSOR BASED EMBEDDED SYSTEMS USING ATMEG328 MICROCONTROLLER”.	
Resource Persons	Mr. Mahesh Deginal Managing Director & CEO Mr. Harish. N CTO and Co-Founder
Platform	ATMEG328
Probable dates	8 th and 12 th of July 2024
Semester	IV
Total number of students	92
Venue	E&C LAB
Workshop outcome	<ol style="list-style-type: none">1. Knowledge enhancement in semiconductor industries2. Students will learn programming concepts/Operations of Microcontroller and interfacing Sensors with the controllers.3. Workshop would be helpful for the students get into the Hardware industries.4. Students are able to do mini projects of their own.
MOU status	Active
Budget estimation	Attached
Benefits for the students	Direct placements to any hardware and software industries
Fees	200 Per Candidate

**REPORT ON "FIVE DAYS HANDS ON WORKSHOP ON SENSOR BASED
EMBEDDED SYSTEM"**

Event Type : Workshop

Date / Duration : 18.07.2024 -12.07.2024 Five Days

Resource Persons : Mr. Mahesh Deginal ,
Managing Director & CEO
Mr. Harish. N CTO and Co-Founder

Target Audience : B.E ECE 4th Sem Students

Total no of Participants: 92

Objective of the event: To learn embedded systems basics, how to write an Assembly and Embedded program using ATMEG328 Microcontroller and Setup Embedded Development Environment.

Outcome of event : Students can able to do Embedded system based mini and major projects. Further, the students will gain knowledge on Embedded system design with hardware boards.

Description / Report on Event:

The Five days hands on workshop program began with inaugural function by Dr.Siddesh K B, Head , Department of ECE, Dr.Bharath P B , Principal, Dr.Jagannatha N IQAC Coordinator and Mr.Mahesh Deginal, Mr.harish.N Karunadu technologies Private limited on 08.07.2024. Dr.Bharath P B, Dr.Siddesh K B and Dr.Jagannatha highlighted the significance of the workshop. It was mentioned that the students should be equipped with additional knowledge to face the competitive world. Resource person Mr.Harish N presented the keynote of the program and asked the students to effectively utilize the same. All the students who participated are grouped based on their priority.

The theoretical and lab session on embedded system and IOT work shop was held in ECE Lab; which was taken by Mr. Harish N, CTO, Karunadu technologies.

Five-days hands-on workshop on Embedded Systems, using ATMEGA, a low-power ARM Cortex M4 32-bit microcontroller family and wireless modules like Bluetooth and Wi-Fi was organized. This program will introduce the participants to various aspects of embedded programming, application development and implementation. The hardware and software used is completely new and . In addition to the learning, each participant will be certified thus increasing their chances of placing themselves in industries and pursue research in the fields of their choice. The students then practiced sample projects. The program ended by asking students to effectively utilize the learned concepts in real time.

Feedback / Suggestions :

1. Five days are insufficient to learn both software and hard ware.
2. More number of lab sessions is required to gain more knowledge.

SCHEDULE OF THE TRAINING PROGRAMME

Schedule of training program on "Microsoft Project" training Programme.

Date	Day	Time	Event
12/07/2024	Friday	10:00AM to 10:10AM	Inauguration of the program.
		10:10AM to 10:20AM	Welcome speech.
		10:20AM to 10:35AM	Address by Principal.
		10:35AM to 10:45AM	Address by IQAC Co-ordinator
		11:00AM	Address by HOD.
		11:00AM to 1:00PM	Session is handover to Resource person-Introduction to Project Management
		2:30AM to 3:30AM	Introduction to Critical Path Method and Network problem
		3:30PM to 05:00PM	Introduction Microsoft project.
13/07/2024	Saturday	10:00AM to 01:00PM	Critical path method by Microsoft project
		02:30PM to 05:00PM	Work break structure, Resource creation and allocation
14/07/2024	Sunday	10:00AM to 01:00PM	Hands on session
		02:30PM to 05:00PM	Hands on session
15/07/2024	Monday	10:00AM to 05:00PM	Hands on session live project
16/07/2024	Tuesday	10:00AM to 05:00PM	Hands on session live project

VISION AND MISSION OF THE INSTITUTE

VISION OF THE INSTITUTE

“Train and develop technically excellent and the globally proven human resources on the lines of quality, excellence and inclusiveness”

MISSION OF THE INSTITUTE

“Provide world class infrastructure to ensure the young prospective and practicing engineers to place themselves on gainful jobs in industry or confidently engage in self-employment.”

VISION AND MISSION OF THE DEPARTMENT

VISION OF THE DEPARTMENT

To become a premier Civil Engineering Department offering excellent engineering education to the students in design methods and advanced technologies, to pursue research in thrust areas and to offer professional services to the society.

MISSION OF THE DEPARTMENT

- The Department is committed to develop competent professionals by offering need based curriculum in Civil Engineering areas, promoting research and innovation to prepare the students for higher study, life-long learning and to have societal responsibility.
- The department is also committed to provide good learning environment to develop professional ethics and skills in our students and to provide engineering services to the society.

PROGRAM SPECIFIC OUTCOMES (PSO'S)

PSO1: Capable to study, plan, analyze and design the civil engineering structures requires for the professional demands.

PSO2: Utilize the appropriate software and related modern tools to develop skills to plan, produce detailed drawings, write specifications, and prepare cost estimates of civil engineering structures.

PSO3: Offer engineering services with professional, environmental and ethical responsibility.

PROGRAM OUTCOMES (PO'S)

PO6: To apply reasoning informed by the contextual knowledge to assess societal, health, safety, legal, and cultural issues and the consequent responsibilities relevant to the professional engineering practice.

PO7: To understand the impact of the professional engineering solutions in societal and environmental contexts, and demonstrate the knowledge of, and need for sustainable development.

PO10: To communicate effectively on complex engineering activities with the engineering community and with society at large, such as, being able to comprehend and effective reports and design documentation, make effective presentations, and give and receive clear instructions.

PO11: To demonstrate knowledge and understanding of the engineering and management principles and apply these to one's own work, as a member and leader in a team, to manage projects and in multidisciplinary environments.

PO12: To recognize the need for, and have the preparation and ability to engage in independent and life-long learning in the broadest context of technological change

COURSE OUTCOMES (CO'S)

After the completion of the course, the students are able to

CO1: Identify the activities involved in the project or project life cycle.

CO2: Explain the project planning and schedule of a Civil Construction project.

CO3: Create a work break down structure

CO4: Allocation of resources for various activities involved in Civil Engineering Projects.

PO's CO's	PO1	PO2	PO3	PO4	PO5	PO6	PO7	PO8	PO9	PO10	PO11	PO12
CO1	3	2			3							3
CO2	3	2			3							3
CO3	3	2			3							3
CO4	3	2			3						3	3

PO's CO's	PSO1	PSO2	PSO3
CO1	1	3	
CO2	3	3	
CO3	3	3

Respected Sir,

Greetings from Dr. Srishaila, Professor & HOD, Department of Civil Engineering, SJMIT, Chitradurga.

We are inviting you to our esteemed institution to be a resource person for the training on Microsoft project to the pre final year students for three days. We plan to conduct on 12th to 16th July 2024. Please confirm the date on which we make arrangements for the same.

Hoping for a positive response. any queries please contact.

Thanking you

Dr.Srishaila.J.M

Professor & HOD

Dear sir,

Warm Greetings of the Day,

I Thank you for the invite as a resource person for the training on Microsoft Project to your prefinal year students. I hereby confirm that i am accepting your invitation and I will be there at your esteemed institution on 12th to 16th July 2024.

Thanks & Regards,
Dr. Tanu H.M.
Assistant Professor

Speaker Details:

Dr. Tanu H.M. obtained Bachelor's degree in Civil Engineering and Masters degree in Construction Technology in the year 2015 and 2017 from Visvesvaraya Technological University, Belagavi. He has obtained his Doctoral of Philosophy (Doctorate degree) in Civil Engineering from CHRIST (Deemed to be University) Bangalore in the year 2024.

He has currently 8 years of teaching experience and he is currently working as Associate Professor in Department of Civil Engineering, Ballari Institute of Technology and Management, Ballari, Karnataka, India. His current research interest includes on the development of novel sustainable Geopolymer Concrete using Agro-Industrial By-Products. He has authored and published total 09 research papers in Q1, Q2 and Q3 SCIE and Scopus indexed journals in the field of Geopolymer concrete and special concrete and also, he holds 01 Indian patent in the field of Geopolymer concrete.

Currently he is working as active reviewer for various reputed International journals i.e., Journal of Building Engineering/Elsevier, Journal of Building Pathology and Rehabilitation/ Springer, Iranian Journal of Science and Technology, Transactions of Civil Engineering/Springer, Journal of Asian architecture and building engineering/ Taylor and Francis and Materials today proceedings/ Elsevier.

Objectives

- 1) To learn basic concepts of Microsoft project
- 2) To understand the concepts of Gantt chart
- 3) To learn the concepts of CPM and PERT
- 4) To find Critical path for the given Projects

Brief Report:

Department of Civil Engineering, SJMIT in association with IQAC and IIC Organized 5 days “**Training Program on Microsoft Project**” for sixth semester students of Department of Civil Engineering, SJMIT.

The training program was organized from 12th July 2024 to 16th July 2024 in Sir MV Seminar Hall in SJM Institute of Technology. The event lasted for five days where in students participated enthusiastically.

The event started with the inaugural ceremony in the presence of the Resource Person Dr Thanu, Assistant Professor, Department of Civil Engineering, Ballari Institute of Technology and Management, Ballari, Dr. Srishaila J M, Professor and Head, Department of Civil Engineering, Program coordinator Anusha V, Assistant Professor, Department of Civil Engineering, Faculties and Students of Department of Civil Engineering. Once the inaugural program completed, the session was taken over by the resource person Dr Tanu H M.

The training program started by 10:30AM. The event has attracted a great response from the students. About 35 students enrolled for training program and successfully attended the program

Lecture delivered on the following topics:

Introduction to Critical Path Method and Network problem

CPM:

CPM is a technique that is used for projects where the time needed for completion is already known. It is primarily used for determining the approximate time within which a project can be completed. The critical path is the largest path in project management that always results in the shortest time to complete the project.

CPM also helps project managers identify critical tasks and non-critical tasks, allowing them to prioritize resources and manage project schedules effectively.

PERT:

PERT stands for Project Evaluation and Review Technique. This is an appropriate technique that is used for projects where the time required or needed to complete different activities is not known. This planning tool is used to calculate the amount of time it will take to realistically finish a project. It provides the blueprint of project and is an efficient technique for project evaluation.

. The PERT chart is used to schedule, organize, and coordinate tasks within the project. The objective of the PERT chart is to determine the critical path, which comprises critical activities that should be completed on schedule.

Microsoft Project:

Microsoft Project is project management software product, developed and sold by Microsoft. It is designed to assist a project manager in developing a schedule, assigning resources to tasks, tracking progress, managing the budget, and analyzing workloads.

The project creates budgets based on assignment work and resource rates. As resources are assigned to tasks and assignment work estimated, the program calculates the cost, equal to the work times the rate, which rolls up to the task level and then to any summary tasks and finally to the project level.

Training Program on Microsoft Project

Microsoft Project Quiz

The quiz is conducted at the end of the program to assess student's understanding and knowledge gained from the training program. These questions cover various aspects of Microsoft project, including techniques, benefits, and concepts.

Participant Information:

Student Name:

USN:

Branch:

Date:

Max. Marks: 10

Instructions:

- Duration: 10 minutes, each question carries 1 mark
- Minimum 50% score is required to get completion certificate
- Please tick the correct answer

1) What is a Gantt Chart in Microsoft Project?

- a) A chart that displays tasks dependencies
- b) A chart that displays resource allocation
- c) A chart that displays project milestones
- d) A chart that displays project schedule

2) Which of the following describes Microsoft project?

- a) A word processing software
- b) A project management software
- c) A graphic design software
- d) A spreadsheet software

3) What is the baseline in Microsoft project?

- a) The original project plan
- b) The current status of the project
- c) The expected final outcome of the project
- d) The resources assigned to the project

4) What is a Critical path in Microsoft project?

- a)The longest path through a project
- b)The shortest path through a project
- c)The path with the most resources assigned
- d)The path with the least resources assigned

5) Which of the following is used to view project costs and expenses in Microsoft project?

- a)Resource sheet
- b)Gantt chart view
- c)Task usage view
- d)Cost table

6) What file extension is used for Microsoft project files?

- a).mpp
- b).docx
- c).xls
- d).pptx

7) Which of the following is used to view resource availability and workload in Microsoft project?

- a) Resource graph view
- b)Task form
- c) Gantt chart
- d) Cost table

8) The actual performance of task that requires time and resource for its completion is known as?

- a)Activity
- b)Event
- c)Gantt chart
- d)Critical path

9) Which of the following is an event-oriented network?

- a) CPM
- b) PERT
- c) Both of them
- d) None of these

10) Which of the following is used to view project milestones in Microsoft Project?

- a) Task Form
- b) Gantt chart View
- c) Task Usage View
- d) Milestone Report

- c) The path with the most resources assigned
- d) The path with the least resources assigned

5) Which of the following is used to view project costs and expenses in Microsoft project?

- a) Resource sheet
- b) Gantt chart view
- c) Task usage view
- d) Cost table

6) What file extension is used for Microsoft project files?

- a) .mpp
- b) .docx
- c) .xls
- d) .pptx

7) Which of the following is used to view resource availability and workload in Microsoft project?

- a) Resource graph view
- b) Task form
- c) Gantt chart
- d) Cost table

8) The actual performance of task that requires time and resource for its completion is known as?

- a) Activity
- b) Event
- c) Gantt chart
- d) Critical path

9) Which of the following is an event-oriented network?

- a) CPM
- b) PERT
- c) Both of them
- d) None of these

Training Program on Microsoft Project

Microsoft Project Quiz

The quiz is conducted at the end of the program to assess student's understanding and knowledge gained from the training program. These questions cover various aspects of Microsoft project, including techniques, benefits, and concepts.

Participant Information:

Student Name: **Abhishek CJ**
USN: **4SM21CV001**
Branch: **Civil**
Date: **16/7/2024**
Max. Marks: **10**

Instructions:

- Duration: 10 minutes, each question carries 1 mark
- Minimum 50% score is required to get completion certificate
- Please tick the correct answer

1) What is a Gantt Chart in Microsoft Project?

- a) A chart that displays tasks dependencies
- b) A chart that displays resource allocation ✓
- c) A chart that displays project milestones
- d) A chart that displays project schedule

2) Which of the following describes Microsoft project?

- a) A word processing software
- b) A project management software ✓
- c) A graphic design software
- d) A spreadsheet software

3) What is the baseline in Microsoft project?

- a) The original project plan ✓
- b) The current status of the project
- c) The expected final outcome of the project
- d) The resources assigned to the project

4) What is a Critical path in Microsoft project?

- a) The longest path through a project
- b) The shortest path through a project
- c) The path with the most resources assigned
- d) The path with the least resources assigned

5) Which of the following is used to view project costs and expenses in Microsoft project?

- a) Resource sheet
- b) Gantt chart view
- c) Task usage view
- d) Cost table

6) What file extension is used for Microsoft project files?

- a) .mpp
- b) .docx
- c) .xls
- d) .pptx

7) Which of the following is used to view resource availability and workload in Microsoft project?

- a) Resource graph view
- b) Task form
- c) Gantt chart
- d) Cost table

8) The actual performance of task that requires time and resource for its completion is known as?

- a) Activity
- b) Event
- c) Gantt chart
- d) Critical path

9) Which of the following is an event-oriented network?

- a) CPM
- b) PERT
- c) Both of them
- d) None of these

Conclusion

The session on the training program on Microsoft project was a resounding success. It offered valuable insights and practical guidance about Microsoft project critical path method and chart put another various concepts helpful for students and faculties. Attend is left the event inspired informed and equipped with the knowledge and resources needed to transform those innovative ideas into successful civil engineers. As it key take away the participants are encouraged to apply the knowledge gained during the session.

Organizers extended gratitude to all the speakers and participants for making the event meaningful and a grand success.

SJM Institute of Technology remains committed to organizing more such events in the future and to provide continuous support.
