Respected Sir,,

Subject: Implementation of Enterprise Resource Planning (ERP) software -Reg

With reference to above subject, for the Automation of Academic Management, Administrative Management, HR and Pay roll systems in our institution, it is much needed to implement ERP software. It is much essential to improve the quality of academic and administrative management, as our institution is going for 2nd phase of NAAC & NBA Accreditation.

The ERP Software from "Rove Labs Pvt. Ltd. Bengaluru has been implemented at Jain Institute of Technology and BIET, Davanagere. The feedback about ERP from the above said institutions is satisfactory.

We have received demo from Rove Labs Pvt. Ltd. Bengaluru and was recommended by our heads of the departments.

As per the recommendation of IQAC after negotiation, the Academic management and Administration Manager modules from Rove Labs are feasible. The total software cost will be Rs 4,00,000/- {@ Rs 400 (including 18% GST) per student per year, for 1000 students}

The HR and Pay role Management modules will be delivered in complement with the above said modules.

The quotation from the Rove Labs after the discussion and negotiation at the IQAC has been enclosed. Herewith I am requesting your kindness to permit us to purchase and implement the ERP software (all modules). This is for your kind consideration and do the needful.

Thanking you
